

REMARKS

The present amendment is meant to place the application in condition for allowance without acquiescence in any rejection, and without prejudice or disclaimer.

Claims 1-5 and 8-11 were cancelled by Examiner's amendment, with the remaining claims indicated as being allowed or allowable if re-written in independent form. As such, Applicant has amended claim 6 in independent form, and has added new claims 21-27 in direct or indirect dependence from claim 6 to additionally recite subject matter from cancelled claims 2-4 and 8-11. Applicant submits that all pending claims 6, 7 and 12-27 are therefore in condition for allowance, and earnest solicits early indication of the same.

Respectfully submitted,
